## Predictions On The Basis of Planet Positions

### Ascendent Result

Your Ascendant is Pisces. Your Ascendant-lord is Jupiter, which is the super-benefic planet in your chart.

By virtue of being born in Pisces Ascendant, you will be a person of thoughtful disposition and generous instincts. You will have the tendency to think over a particular subject for a long time and weigh the pros and cons very carefully, for which you are less likely to arrive at wrong conclusions. You are likely to be spend-thrift by nature and money has little value to you; however, you will be openly helpful to your relatives and friends, if they are in distress and seek your assistance. You might be highly emotional, imaginative and idealistic. You may be full of enthusiasm in the beginning in regard to any work or plan, but your enthusiasm may suddenly vanish much before reaching the end. You may tend to be carried away by your emotions and very soon may abandon your own thoughts and values. Your thought process will considerably improve as you will mature through your life's experiences. If your Ascendant-lord Jupiter is well-disposed, you will be rich in insight and will be attracted to spirituality.

### Result for Planets in Signs

#### Sun

In your chart, the Sun is placed in sign Virgo. You will have a craving for gaining recognition from the females, for which you will direct your endeavours for earning more and more and acquire objects of comfort and convenience. You will have an ingenious spirit and remain very cheerful. You will be fond of honest recreations and will enjoy becoming a centre of attraction in agreeable convivial parties.

You may suffer from bilious or hearing disorders, acquire a spend-thrift nature and turn inimical to your relatives. Although you may have good education, you may not be able to utilize it effectively. Unless some modifying influences are present in your chart, you may not be happy in your native place and, leaving home, may go to a distant inland place to eke out your livelihood.

If Saturn is retrograde or combust, then it may make you peevish, discontented, covetous and melancholic. You may be betrayed by others and lose your wealth and honour.

## Moon

The Moon is situated in sign Cancer in your chart; so your 'Janma-Rashi' (or

Chandra-Lagna) is Karkata. Your mental qualities and certain other characteristics will be governed by this feminine, watery, fruitful and movable sign and, to some extent, by it's sign-lord, the Moon herself.

Moon in sign Cancer is a very beneficial position in many respects in general; however, you might tend to be emotional and sentimental, although you will be free from passion or rash actions. You will be fortunate in respect of property-matters and your earnings will swell, although with some occasional fluctuations. ## Prediction On The Basis of Bhavas

### Ascendant Lord

In your chart, the Ascendant-lord is situated in the seventh house, which is called the house of spouse (Kalatra). Besides, this house also governs over desires, passion, infatuation, roads, ways, policies, people and public dealings, trade, private business enterprises, foreign affairs, foreign journeys, partnerships/collaborations, etc. As for being in the 7th, the Ascendant-lord aspects the Ascendant in your chart, you will be fortunate in one or more such respects. Your longevity will be high and you are likely to get married at a relatively early age; you will enjoy a very long married life with your spouse who will be very caring and considerate and is likely to be dearer than your life. You will have an open mind and frank disposition; you will be able to develop and retain healthy relationships with people you would come across. If the 7th-lord is also well-placed, you are likely to make a fortune through trade and may derive benefits from partnerships or collaborations; but if the 6th-lord is stronger, then you may do better in service in private organisations. If the 9th-lord is strong, you may have foreign journeys or may acquire wealth through foreign trade; if the 12th-lord is also strong, then you may stay in foreign places for long.

### Lord of 2nd House

In your chart, the second-lord is situated in the fourth house, which is called the house of happiness (Sukha). Besides, this house rules over house/ property, land and possessions, dresses and garments, perfumes and jewellery, mother, education, conveyance, mines, etc and if applicable, then agricultural produce, cattles and pets, etc also. This is a favourable position for the 2nd-lord and you will be fortunate in many of these respects. You will have good education and your family-wealth will be ever-waxing. If the 2nd-lord is associated with or aspected by a natural benefic planet, your family-life will be very peaceful and happy. But if the 2nd-lord is associated with or aspected by a natural malefic planet, then the opposite might hold good; you may lack peace and happiness while the health and well-being of your mother may cause you some concern. As the 2nd-lord aspects the 10th house, you will be fortunate in respect of having a lucrative profession. If the 4th-lord is well-placed and Mars is also strong, then you will be endowed with landed properties; if the 4th-lord is well-placed and Venus is also strong or conjoined with a natural benefic planet, then you will have attractive vehicles and will live in comfort and style.

### Lord of 3rd House

In your chart, the third-lord is situated in the eighth house, which is called the house of longevity (Ayus). If the Ascendant is Leo, the 3rd-lord becomes exalted in

the 8th and if the Ascendant is either Virgo or Pisces, the 3rd-lord becomes placed in own sign when it is situated in the 8th. But if your Ascendant falls in any other sign, unless the 8th-lord is well-placed, it is not favourable for the well-being of your younger co-borns and it will give unfavourable results as it may make you prone to face accidental mishaps or untoward happenings of a rather serious nature, for which you should remain very careful and cautious; however, if a natural benefic is situated in the 8th or aspects it, then the intensity of the affliction gets considerably mitigated. The 3rd-lord in 8th indicates a dare-devil nature, gives love of adventurous and hazardous pursuits and makes one fond of playing with deadly arms; all these make one prone to grave risks of being seriously injured. On the good side, it makes you highly spirited, courageous and active; you may do well in active services and for your noteworthy deeds, you might suddenly be shot to prominence.

### **Lord of 4th House**

In your chart, the fourth-lord is situated in the seventh house, which is called the house of spouse (Kalatra). This is a fairly beneficial position and you will become very energetic and active; you will have good education if Mercury is also well-placed. If the 7th-lord is well-placed, then you may make money through business of selling books, etc. If the 4th-lord is a natural malefic planet, then it will be better since it will shed its maleficence owing to 'kendra-adhipatya' (or angular lordship); but if your Ascendant is Leo, then although it will give material prosperity, you may suffer from high blood-pressure and have a bad temper. If the Ascendant is Libra or Capricorn, then the 4th-lord will be debilitated in the 7th -- which may affect your married life; you may face opposition in respect of property-matters and may even have to fight a law-suit -- it can even be with your mother, if the Moon is not well-placed. As the 4th is the 10th from the 7th, your spouse will be fortunate in respect of his/ her profession or may actively assist you to develop your business which might be in her/ his name. If a natural benefic is situated in the 7th or aspects it, you will be fortunate in respect of public dealings and conducting negotiations; but if the 7th house is under the influence of a natural malefic planet, then you may face misunderstandings, quarrels, etc.

### **Lord of 5th House**

In your chart, the fifth-lord is situated in the fifth house itself, which is called the house of merit (Purva-punya). As the horoscope is viewed as a balance-sheet brought forward in the present birth, you rest assured that you are meritorious and worthy. You will be highly fortunate and your soul will become more elevated during your journey through life. You are sure to occupy a prestigious position and enjoy a respectable place in society -- more so if the Sun is also well-placed; your children will also be very worthy and you will be religious-minded -- more so if Jupiter is also well-placed. If the 9th-lord or Mercury is well-placed, then you will

have higher education. Unless the 10th-lord is well-placed, you may have a few changes in profession during the early stages of your career; but if the 10th house is associated with or aspected by a benefic planet, the situation will be improved soon. If the 5th house falls in a 'firy' sign (Aries, Leo or Sagittarius), then you may become a spirited person but if it falls in 'airy' signs (Gemini, Libra or Aquarius), then your intellectual qualities will be pronounced. If a benefic planet is situated in the 5th or aspects it, then you will have good gains from speculative investments.

### **Lord of 6th House**

In your chart, the sixth-lord is situated in the seventh house, which is called the house of spouse (Kalatra). This is not a favourable combination in many respects. If the 7th-lord is not well-placed, then you may leave your business after having incurring losses and may have to secure employment in a private organisation. Your relatives might be inimically disposed to you and some of your enemies may openly oppose you. If a natural malefic is situated in the 7th house or aspects it while neither Jupiter nor Venus is well-placed, you may get entangled in a long-drawn law-suit -- which might be with some of your relatives. Your spouse may come from the family of a relative of your some other relative or some of your relative might be instrumental for finalizing your marriage-negotiations; if such is the case, then you may have an unhappy married life with a domineering and quarrelsome spouse; but if you have/ had a self-chosen spouse, then you may even have a law-suit with her/ him which might end in divorce or separation.

If a natural benefic planet is situated in the 6th house or aspects it while another such planet influences the 7th house as well would improve the situation. If only natural malefic planets influence both of these two houses, then the position will worsen fast and you might receive grave physical hurts in open combat.

### **Lord of 7th House**

In your chart, the seventh-lord is situated in the seventh house itself, which is called the house of spouse (Kalatra). This is a favourable position for the 7th-lord and you will be fortunate in respect of having a worthy and wealthy spouse. You will have active habits, receive good education, enjoy peace of mind, you will enjoy happiness in your home and secure a comfortable position in your birth-place/ home-town. As the 7th house rules over trade, you might be self-employed and will be successful in running your own business -- more so if Venus or Mercury is well-placed; you may have good gains from distant places and may earn a fortune from foreign trade. If the 7th-lord is a 'tara-graha' (Mars or Mercury or Jupiter or Venus or Saturn), then you will enjoy the auspicious results of the so-called 'Pancha Maha-purusha Yoga' which will surely make you an important person in the society. If the Sun is also well-placed, then your father will be long-lived; if the Moon is well-placed, then your mother will have a very caring and affectionate nature. If the 7th house is occupied or aspected by a natural benefic planet, your

wealth and possessions will be ever-waxing. But if it is occupied or aspected by a natural malefic planet, then you may have some problems in your married life and face some oppositions from powerful people.

### **Lord of 8th House**

In your chart, the eighth-lord is situated in the eighth house itself, which is called the house of longevity (Ayus). This is a specially fortunate position as the lord of a 'trika-house' when situated in its same own house gives rise to auspicious yoga. You will remain in good health and will be long-lived. As the 8th is the 12th from the 9th, it will offer 'Veepareeta Raja Yoga' effects for your father; your father must have had come up in life in a spectacular way and he must be or had been fairly wealthy. You will be highly fortunate in respect of inheritance, will have gains from insurance sources and also from your marriage-relations; your spouse is likely to hail from a wealthier family. You are far less likely to face any set-back in profession, face any law-suit or confiscation or suffer from calamitous causes. You will receive good education which might be 'application-oriented' and you may have interest in the occult or mystic subjects. If a natural benefic planet is situated in the 8th or aspects it, then you may have interest in swimming; alternately, you may earn good profits by dealing in the objects produced in or under water.

### **Lord of 9th House**

In your chart, the ninth-lord is situated in the fourth house, which is called the house of happiness (Sukha). As a trikona-lord placed in a kendra house, the 9th-lord becomes a temporal 'yoga-karaka'; it favours material prosperity; it will make you very active and fortunate as well. This position favours higher education in some 'application-oriented' field -- more so if Mercury is also well-placed. As the 4th indicates profits while the 9th rules over foreign countries, you may earn good profits from foreign sources. If Venus is also well-placed, then fashionable dresses or designer jewellery could be favourable commodities for dealing in. If your Ascendant is Aquarius or Leo, then the 9th-lord will be the 4th-lord as well, for which an auspicious 'Pancha-Mahapurusha Yoga' will be generated; your wealth and material possessions will be ever-waxing. Although this position will make your father long-lived, your mother may suffer from diseases -- unless the Moon is well-placed. This position makes one a book-lover and an ardent collector of objects of interest. Depending on the planet influencing the 4th house, you may have your fortune from the various 4th house significations like building construction (Mars), educational institutions/ books (Mercury), agriculture/ farming (Jupiter), vehicles/ transport (Venus), mines/ minerals (Saturn), etc.

### **Lord of 10th House**

In your chart, the tenth-lord is situated in the seventh house, which is called the house of spouse (Kalatra). It indicates that you will be an active person and you

will be fortunate in respect of your profession; you may run your own business or may be well-placed in a big and reputed organization. If Jupiter and Venus are well-placed in your chart, then you may become a lawyer. If your Ascendant is Aries, then the 10th-lord will become exalted in the 7th; then you will become a reputed professional or a big business-man; similar will be the results if your Ascendant is Gemini or Sagittarius where the 10th-lord will be the 7th-lord too -- for being situated in own-house, it will give the beneficial results of 'Pancha Maha-purusha Yoga' and you will become well-settled in life. Your life-partner might hail from your sphere of profession and/ or she/ he would work in double harness and will actively assist you for fulfilling your aspirations. If Mars or the Sun is also in the 10th, or if Saturn or Rahu is in the 7th, then you will secure a powerful position as the planet will gain directional strength. If a natural benefic is in the 10th or the 7th or aspects either of these two houses, you will be a purposeful and praiseworthy person. You will understand human nature very well, may do well in marketing and shine forth as an efficient negotiator.

### **Lord of 11th House**

In your chart, the eleventh-lord is situated in the eleventh house itself, which is called the house of gains (Labha). This is the best possible position for the 11th-lord which primarily signifies earnings from profession and gains from other sources. You will have excellent earnings and gains from various sources. If a natural benefic planet is situated in the 11th house or aspects it, you will be rolling in wealth and lead a life in style by enjoying an enviable status in society. Since the 11th is the 8th from the 4th, your mother is likely to live long; if the 11th-lord is unafflicted, she would be rich and you will inherit a lot from her. As the 11th house rules over friends, some of your friends will be very wealthy and worthy, they will be very beneficially disposed towards you and will actively assist you whenever needed. Since the 11th house rules over cure and the Moon signifies medicines, if your Ascendant is Virgo, you may earn a lot by dealing in medicines or may become a highly capable medical man yourself. If your Ascendant is any other, then also you may enjoy similar results if the Moon is situated with your 11th-lord. If a natural malefic planet is situated in the 11th house or aspects it, then your mother may tend to become easily upset and you may lack peace of mind. If your Ascendant is Pisces, then your 11th-lord will be the 12th-lord also; for this reason, some of your enemies may remain in disguise in the circle of your friends.

### **Lord of 12th House**

In your chart, the twelfth-lord is situated in the eleventh house, which is called the house of gains (Labha). If your Ascendant is Pisces, then the 12th-lord will become the 11th-lord as well and you can look forward to obtaining beneficial results. Otherwise, this is not at all a good position as the 12th indicates losses while the 11th rules over earnings; while your earnings may become limited, you

may have to face blockage of funds at times and may find difficulty to fulfil your commitments; you may also occasionally incur losses owing to sudden change of prevailing conditions. As the 11th rules over friends while the 12th rules over secret enemies, some of your secret enemies may remain in your circle in disguise as friends. If a natural benefic planet is situated in the 11th house or aspects it, then the adverse influences may become considerably mitigated but if a natural malefic planet is situated in the 11th house or aspects it, then the adverse influences may become aggravated further. If the 11th house is under the influence of the malefic planets only and if Saturn is also not well-placed, then you may have some problem with hearing. If two or more natural malefic planets are situated in the 11th house, if you are a male, then you may receive some injury in your left hand; but if you are a female, then your husband's right hand might be affected.

## Results For Planets in Houses

### Ketu

If the 4th-lord or the Moon is not well-placed, your

mother's health may not be very good or your family-life may not be very peaceful; if the 9th-lord or the Sun is not well-placed, then your father's health and well-being might cause you concern. But you will be able to direct your endeavours for achieving your desired goal in your sphere of profession -- this will be more so if the 10th-lord is well-placed or if a natural benefic planet is with it or aspects it; you may even become sort of a showman. If Mercury is also well-placed, Ketu in the 4th may make you an expert computer professional; alternately, you may become an horologist and may gain expertise in dealing with miniature components.

### **Moon**

Since the Moon is situated in your 5th house, you will be very fortunate in many respects -- more so if the Moon is 'waxing' and if your Ascendant is Capricorn as the Moon will be exalted or if your Ascendant is Pisces as the Moon will be in own house; you may have a fertile imagination and artistic inclinations. If your Ascendant is Cancer, the Moon will be debilitated and if it obtains 'neecha-bhanga' (cancellation of debility), you will be fairly rich and well-placed in life; but, inspite of being financially well-off, you may not obtain very favourable results in certain respects -- unless Mars or Jupiter is well-placed. If Mercury is well-placed, you will have good education and may have some gains from speculative investments. If Jupiter or Venus is situated with the Moon or aspects it, then you will be fortunate in respect of your children; opposite will be the results if it is under the influence of natural malefic planets.

But if your Ascendant is Aries, then you may have love-marriage and if Venus is not well-placed, then your married-life may not be very peaceful and happy; besides, you may have to face a long-drawn law-suit. If your Ascendant is Pisces, then you may suffer from some diseases -- more so if Mercury is not well-placed; you and your spouse may have a relative in common but differences with your spouse may mar your happiness in marriage, your marriage-relations may become inimically disposed to you and they may drag you to the law-court. Otherwise, your spouse is likely to hail from a very respectable family and your fortunes will be considerably improved after marriage -- more so if Venus is also well-placed. You might become interested in active politics and may even contest in local elections; alternately, you might become a respectable member of a governing body of some prestigious institution.

## Mercury

Since Mercury is situated in your 7th house, you will be well-educated and intelligent; if it is retrograde or if it is 'eclipsed', then you are likely to be very clever and even may be cunning. If Mercury is situated in a movable sign (chara rashi) -- Aries or Cancer or Libra or Capricorn -- or if the Moon aspects Mercury, then also you will become very clever. If the 7th-lord is also well-placed, you would be running your own business. If Jupiter or Venus is with Mercury or if it is aspected by Jupiter, then your profession may have some connection with the law; it may also have connection with marriage-bureaus, religious institutions or evangelistic foundations. If your Ascendant is Sagittarius or Pisces, then you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'; if your Ascendant is Virgo, then as Mercury will be debilitated in the 7th, you may have flexible principles and would amass wealth through convenient means. You will be fortunate in respect of your younger co-borns and will have a devoted spouse who will be religious-minded. You will also be religious-minded and honest. Unless there are some afflictions in your chart, you will be long-lived and your married-life will be stable and happy. As Jupiter is the natural significator for children, you will have dutiful and worthy children. As it is the significator for wealth too, its aspect on the 11th indicates steady and uninterrupted growth of earnings from your profession which might be business. If your Ascendant is Gemini or Virgo, then you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'; but if your Ascendant is Cancer, as Jupiter will be debilitated in the 7th, then you may incur losses in business, work in private organisations, have unhappiness in marriage and might even face legal problems. If your Ascendant is Leo, you may have high B.P. If Jupiter is with Mercury or aspects it, you will have interest in studying literature; if it is situated in the star of Rahu, then it will give unconventional outlook.

You will have large gains through inheritance and receive major benefits from the

people of aristocratic background. If your Ascendant is Leo, then Venus exalted in the 8th will give you all round prosperity and happiness. If your Ascendant is either Libra or Pisces, then you will enjoy the beneficial results of 'Veepareeta Raja Yoga' as you will become suddenly rich in a spectacular way; however, in case of Aquarius Ascendant -- unless Mercury is well-placed -- you may not be very fortunate in respect of your parents as either or both of them may not be dutiful or may not have caring nature. You will be fairly well-placed in life and will enjoy a lasting reputation. Your longevity will be very good and even your final 'exit' will be in a luxurious place, in a comfortable environment among your family, relatives or friends, with a little or no suffering.

### **Pluto**

Since Pluto is situated in your 9th house, you may refuse to adhere to tradition and your interest in un-orthodox forms of religion might be aroused -- more so if Jupiter is not well-placed in your chart. If a natural malefic planet is situated with it or aspects it, then you may become an agnostic -- if not an atheist outright. If your 4th-lord is not well-placed, then you may have radical views and may actively take part in political and kindred affairs; you may even have to embrace exile at a young age owing to fear from your enemies in consequence of your own thoughtless actions or misdeeds. But the situation will be improved for the better if Jupiter or Venus is situated with it or aspects it. If Saturn and Mercury are well-placed in your chart, you may be an ardent globe-trotter or you may have connection with air travel or you may have great interest in meteorology and space explorations. If Mars is influencing, then you may have connection with radio-active substances or explosives; if Venus is influencing, then you may have some connection with radiations like X-Rays; if Mercury is influencing, then you might be known for your inflammatory speeches/ writings; if Rahu or Ketu is with Pluto, then you may have connection with acids, fumes, etc.

### **Rahu**

Since Rahu is situated in your 10th house, you will be fortunate in respect of your profession as in this position Rahu acts as a 'yoga-karaka' and offers beneficial results -- this will be more so if the 10th-lord is well-placed and/ or if Jupiter or Venus is associated with it or aspects it. If Mercury is closely associated with it or is in an angular position (in the Ascendant or the 4th or the 7th), then you will gain academic distinction; if Mercury aspects Rahu, then you may have computer education -- more so if Mercury is placed in sign Virgo or Gemini. If Saturn is situated with it or aspects it, then it can give easy success in public affairs during the initial stages but in time it may lead to disgrace and ruin -- more so if the 10th-lord is not well-placed. If the Moon is with it, under certain conditions highly favourable results in the sphere of profession could be expected : (a) if Rahu is in Taurus or Cancer and it is not within +/- 6 degrees of the Moon, or (b) if the Moon

is 'waxing', and/ or (c) Jupiter or Venus is with Rahu or aspects it. If the Moon is influenced by a natural benefic planet, then it makes one popular while Rahu under influence of benefics would surely make you famous but if it is under influence of malefic planets only, it might give notoriety.

## **Uranus**

Since Uranus is situated in your 10th house, originality will be your marked feature and you may favour eccentric pursuits. You may have estrangement from your parents and kindred and might be in the habit of getting into difficulties with your superiors or employers for which you may have a checkered career. If you are in government service or in business, you may face opposition from public functionaries or government bodies and might be forced to have a change in occupation. Lure of speculative investment might also lead you astray or you may completely unnecessarily leave a stable job by being thoroughly occupied by the fanciful prospect of getting rich double-quick through business inspite of the fact that you may not have adequate competence or you may lack sufficient resources. However, if the 10th-lord is well-placed or if Jupiter or Venus is in the 10th or aspects it, the results will be considerably modified for the better. If your Ascendant is Virgo or Pisces, you may have two occupations simultaneously; while you might be in service somewhere, you may pursue an independent business as an agent, consultant or advisor.

## **Neptune**

Since Neptune is situated in your 10th house, you are likely to have a strange and eventful career. If the Sun or the Moon is not well-placed in your chart, then you might be separated from one of your parents in your early childhood which might leave a void in your mind. If Mercury or Venus is well-disposed, then you would do well in artistic pursuits and by dint of your inspirational nature, you may attain honours in a relatively late age under curious circumstances or through some unique achievement. You might receive full co-operation and active assistance from a foreigner or a person residing in a foreign country quite unexpectedly and by using an assumed name or through some other covert means you may suddenly find the gate-way to the hall of fame suddenly opens up for you. If Jupiter is situated with it or aspects it, then you will be very fortunate as your acquired fame and raised status will be lasting and stable; but if a retrograde malefic planet is with it or aspects it, then these might be like a rosy dream fading away.

If Neptune is retrograde, then you may have a serious setback in profession and may have to leave the field.

## **Saturn**

Since Saturn is situated in your 11th house, you will be fortunate if your Ascendant

is Aries or Sagittarius or Pisces as Saturn will be exalted or in own house; in such case you will have steady earnings and dependable friends and advisors. If your Ascendant is any other, then it may give you deceitful friends who can cause you losses or make your reputation sullied; inspite of working hard, your ambitions may remain unfulfilled and you may become frustrated. Your health may fail and you may take longer durations to recover if you ever become sick. If your Ascendant is Gemini, then as Saturn will be debilitated, you may not be very fortunate in respect of your earnings and friends -- unless Mars is well-placed; if a natural benefic planet is with it or aspects it, then also the situation will be improved. If the Sun is with it, then you may have good gains from your father but if Saturn is within 6 degrees of the Sun, then you may have some problems with your eye-sight and the health and well-being of your father might cause you concern during the Vimshottari Dasha/ Bhukti of Saturn or of the 11th-lord.
