2022 Gandhi Food Drive

Supported by the Cincinnati Area South Asian Community
and by Hindu Temple of Greater Cincinnati

Our Appeal

The Hindu Temple of Greater Cincinnati (HSGC) are seeking support from the South Asian community for the 2022 Gandhi Food Drive. Many families in the Greater Cincinnati area face food insecurity during these challenging times. In the spirit of Mahatma Gandhi let us contribute to improving the well-being of the community in which we live.

Why Is This Important?

The "hunger gap" in our area is significant and has increased during the COVID-19 pandemic. Freestore Foodbank has increased emergency box distribution to 138,000 boxes, representing a 55% increase from our prior year's historic distribution. Solving food insecurity is a top way to improve lives in our community and Freestore Foodbank needs help meeting the need.

**PROVIDED 41.7 MILLION MEALS
TO OUR COMMUNITY**

Who Will The Food Drive Benefit?

- The full proceeds collected will be directly donated to the [Freestore Foodbank \(FSFB\)](#), the tri-state's largest provider of emergency food services.
- The Freestore Foodbank served 41.7 Million meals last year across 20 counties, via 547 partner agencies

With your generous support, our goal this year is to raise \$30,000 or more.

How Can You Make a Contribution:

The best way for you to support is a tax-deductible financial contribution. Food donations are not viable at this time.

- **Check** – made out to Freestore Foodbank, mailed to Uday Sheth, 11169 Woodlands Way, Cincinnati, OH, 45241 or to Asit Saha 11186 Huntwicks Dr, Cincinnati, OH 45241.
- **Credit Card** – donate directly to the Gandhi Food Drive site: <https://freestorefoodbank.org/gandhifoooddrive2022> Use this link, not the FSFB general website, so that we can acknowledge your contribution to the Gandhi Drive.
- **Donate via Donor Advised Fund, Appreciated Stock, or IRA Qualified Charitable Distribution:** These approaches have potential tax advantages. [Click Here](#) or contact Uday Sheth or Asit Saha to learn more about these options.

What is taught in the class and expected outcomes in Year 3 & 4 in one page

Ramayana

Hinduism's supreme document is 4 Vedas-called Shrutis that came directly from God on how to live. Two great epics of Hinduism are Ramayana and Mahabharata - these are part of Smritis and written by sages.

Ramayana is a description of how evil is won over by truth and righteousness.

Ramayana shows humans and animals can attain salvation alike and can have their own following like Hanuman. It shows attaining salvation is not by birth but by moral values.

Ramayana shows how to respect elders. Rama went to forest to keep up the word of his beloved father.

Bharata ruled the kingdom as a symbolic king with Rama's sandals on the throne. The family values kept the family going during tough times.

Even when Rama became King he was humble. Powerful and fortunate should be humble and it is their duty to protect the less fortunate (Rama fought Vali for Sugriva).

Rama earned love and respect from everyone, by being calm and truthful, carrying out his duties. Dashavatara.

Vishnu took 9 forms (including Rama) and 10th form is yet to come.

He appears on Earth to eradicate evil and protect the creation.

Even God takes a form and comes on His own, like parents would go out to protect their children by themselves. That is the love of creation. Protection of a common good comes before all the other personal causes.

Outcomes: Learn the great story of Ramayana. Learn how truth always wins. Dasavatara: Learn God could be in any form and treat everyone with respect and try to learn from everything. Learn GOD comes by himself when necessary to help.

Mahabharata

- 1) Hinduism's supreme document is 4 Vedas-called Shrutis that came directly from God on how to live. Two great epics of Hinduism are Ramayana and Mahabharata - these are part of Smritis and written by sages.
- 2) Mahabharata is a description of how life has various aspects of right and wrong that may not appear straightforward. One has to take time to understand the TRUTH behind it or else mistakes can be made very easily.
- 3) Draupadi's laughter on Duryodhana implies: Be careful in making statements or act in a way not to hurt anyone's feelings. If Duryodhana was not upset by the laughter of Draupadi, war would not have happened. Ego is the cause of all fights.
- 5) Lot of people took the side of Duryodhana because of his power. Never make a decision based on the size or power of the person. Choose right over wrong at all times.
- 6) When Krishna offered "you want me or my army", Duryodhana took his army. Choose intelligence over size or quantity.
- 7) Krishna offered to take 5 villages to avoid war and destruction. Duryodhana refused to give. Always be willing to compromise.
- 8) Once the peace process is all exhausted the decision for war was declared. All the good people joined. Good always come together, though a little late.
- 9) Arjuna was confused about fighting his teacher and relatives. "Do your duties, leave the rest to ME. Never worry about the results", said LORD KRISHNA.
- 10) Gita – is an advice given by Lord Krishna to Arjuna during Mahabharata. When there is a time of trying, get solace by finding an answer from the words of Lord Krishna.

Outcomes: Learn the Great epic story. Learn to make a good decision.

Bhagavatam / Basic Gita

Hinduism's supreme document is 4 Vedas-called Shrutis that came directly from God on how to live.

Two great epics of Hinduism are Ramayana and Mahabharata - these are part of Smritis and written by sages. Since Gita came directly from Lord Krishna it is considered as Shruti though being a part of Mahabharata. Said and compiled in Sanskrit, Gita has 700 verses and 18 chapters.

Bhagavatam is a description of life of Lord Krishna. This is a part of Bhagavata Purana and Krishna is one of Dashavatars of Lord Vishnu.

Gita – is an advice given by Lord Krishna to Arjuna in trying times on battlefield. Arjuna's innerself – Jeevaatma was fighting him from within on what is right and wrong. Paramaatma (Lord Krishna) advises Arjuna on the duties of Jeevaatma.

He is asking for Jeevaatma to do the duties and leave the results to Paramaatma. Do the duties and not worry about the results

We learned Bhakti Yoga or Devotion. It is chapter 12 with 20 verses.

- 7) "Focus your mind on Me and let your intellect dwell upon Me alone -through meditation and contemplation. Thereafter, you shall certainly attain Me" (12.08) - Focus on the right things to see the end through.
- 8) "If you are unable to focus your mind steadily on Me, then long to attain Me, O Arjuna, by practice of (any other) spiritual discipline (Saadhana) that suits you" (12.09) – When one needs solace read the Gita.
- 9) "If you are unable even to do any spiritual discipline (Saadhana), then be intent on performing your duty for Me. You shall attain perfection just by working for Me (as an instrument, just to serve and please Me, without selfish motives)" (12.10) - Peace can be attained when things are done with the feeling of duty, service and selflessness.

Outcomes: Learn what Gita means and learn to discuss thoughtfully the subjects which they may understand or not and listen multiple versions of explanations. Learn to ponder version of explanations.

What is taught in the class and expected outcomes in Year 9, 11 & 12

Indian History:

- 1) India has recorded history from 3000 BC - Indus valley civilization.
- 2) Different religions started in 600 BC. All of them reflect the tolerance of Hindu way of living and its practices. Indian golden period had arts and economy in full swing. It also showed it is very difficult to be number one in the world forever. Different civilizations reached their peak only once in 500 years.

Hinduism [Sanaatana Dharma/Vaidhika Dharma]:

Shruti - 4 Vedas, deal about Karma/rebirth and self knowledge. It is the supreme document that came directly from God on how to live. Fire ritual called Yagna (Havan/Homa) worship is Vedic way of praying.

Smritis – Manu Smriti & more, 2 epics, 18 Puranas, Shastras (Sciences), 6 Darshanas (Philosophies), 6 Vedangas, 4 Upavedas, 4 Upaangas, Literature. Vedas (=knowledge) lay the foundation for all these works and are written by sages.

3) Hindu Practices:

Samskaras (16 Sacraments), Yagna worship, Prayer by sound (Chanting Slokas/Singing Bhajan), Discussion on Shruti and Smriti (Sath Sang), Meditation (Japa), Giving time and money, Yoga, 16 step Pooja, Idol worship, Pilgrimage, Vratas (Fasting) are all different ways of attaining the spiritual goal. These practices are based on Vedas. Do research on subject of interest.

Outcomes: The students should learn the overall of Hindu religion. Learn God is the conscience within themselves. They should learn to meet the conscience and put it in peace. Curiosity should be sown so that they learn where to go and read more about faith and take up their own subjects of interest. History: Students should know about Indian history and their heritage.

Advanced Gita - Remember the verse of Gita and Principles

What have you lost? Why are you crying? What did you bring with you, which you have lost? What did you produce, which you have destroyed? Whatever was received was received from here Whatever was given was given from here. You brought nothing, when you were born, You are taking nothing with you when you die. Whatever is yours today was somebody else's yesterday and will be someone else's tomorrow. **Live happily and be helpful to all around-** Share what one is gifted with less fortunate – it could be Knowledge, wealth and/or time. This yogic (YoGIC) way of living brings peace of mind. The final goal is for Jeevaatma (inner self) to reach Paramaatma (Supreme God) and attain salvation. That means freedom from cycle of death and rebirth.

Yoga and Meditation

Yoga and Meditation

Chanakya – Political scholar. He helped set a vision for Maurya dynasty. Many of his policies have been compiled under the book “Chanakya Neeti” - It is a treatise on the ideal way of life. With astute political skills one can increase their output by many folds.

Astronomy – Learn the length and breadth of unknown. Understand how small we are compared to the universe.

Volunteering

Planning – By doing a project 2) Empathy and compassion –we get to see the less fortunate. 3) Responsibility - We understand our role as how we can be a part of common good. 4) Learn to network. Learn to achieve bigger projects by planning and coordinating with others. 5) Learn to understand the economics of how to use minimal resources to get as much benefits as possible on a project. 6) Learn to build a team of different strengths for a common goal. 7) Learn to communicate impact fully. 8) Learn to become satisfied and enjoy what you do. 9) Learn to become a better you 10) By being able to look at others point of view with empathy and compassion, we will start talking about what is in others’ hearts and minds. We will be able to connect with people at that point. Focus will turn into what is common, and the differences will fade away. We will be able to bring people together to achieve a lot more for all.

Outcomes- The student should become an adult and learn to become a leader. The student should become confident and be able to see the bigger picture. Student should be able to communicate professionally on the content and have an understanding and depth on any subject given. Key is to listen and ask questions and appreciate others. When others talk with them, the person should recognize the maturity level of the child. The child should be able to plan and execute a project from start to Finish. The student should plan all the resources and time.

Life Skills:

Time Management - Time is a scale – Everyone has to live by it to make it easy on others. It is a basic courtesy to be ON TIME. Asking for more time is like, one team asking extra time to score a goal which can’t happen so learn to do a time audit. Make adjustments to be on time. Learn to estimate time and execute whatever the plan is in that available time. Have a to-do list prepared for the next day.

Problem solving – is all about getting all possible solutions on the table. No solution will sort out everything. Just walking through and figuring out the best solution is just a practice.

Creativity - Whatever one does has to have some creativity. If one cannot be creative allow others to be creative.

Decision Making – At the end of the day, a decision has to be made. Learn to break down complex problems into simple numbers that will help make a better decision.

Project Management - When a job looks complex, learn to break it down to tasks. Allot time and budget to each task. Any complex task can be solved and executed in a timely fashion. Whatever the profession is, with better project skills, one's output will be multifold.

Leadership - Being a good leader is learning to be a good follower. Leadership is not about telling others what to do. It is stepping up when no one does and inspiring everyone to be a part of it by being a role model. Do the right thing selflessly for the common good, and people will call us a leader.

Communication – is all about figuring out the audience and communicating to get the desired result. Talking everything in one's mind only makes the talker happy. It does not serve the purpose. Communication should be minimal and impactful.

Stress – is going to be a part of life. One has learned a lot of skills on how to mitigate the stress. Yoga, meditation are some of the widely used tools.

Social skills - The first impression is the best impression. Take the time to get the social skills groomed. It gives the turbo effect to one's goals.

Be good in heart. Work for the common good. How we talk and walk will follow. Happiness will chase us.

Outcomes: Become creative in solutions and understand all projects will have difficulty and understand it with poise and come up with a solution. Be empathetic and look for a way to move forward and not dwell. Any hard solution can be made into steps and follow the steps to reach the goal. Believe in a plan and execute the plan. The student understands for any complex solution there is plan. With other skills of working together they will know how to achieve great goals by working as a team. The student should learn there is more than one side to the coin. There is no one right way to do. There is nothing that cannot be achieved by soft skills. Even the best solution is only achieved by the soft skills we learnt this year.
